Merry Fucking Christmas

Marko holds an empty beer bottle.

He looks around his apartment. There's no sound of laughter or people.

Just like it was last year.

The final tour ends and Marko is welcomed by an empty apartment.

No girlfriend, kids or pets to greet him. No decorations or food cooking.

Just him and his beer.

He longs to visit Henkka for Christmas, to see and feel him again.

But Henkka has a girlfriend, kids, and pets. He doesn't need Marko right now.

He curls up on the couch and waits for Christmas to be over.

Just like he did last year.
